doubling up the providers during After Hours – one at front seeing COVID symptomatic patients and the other seeing regular After Hours patients.

3. NO CHANGE to traditional 'walk-in' patients – If COVID, follow protocol. If not, still allow to be treated.

Detail of today's changes:

Kaysville and Syracuse After Hours will close. These providers will assist in Layton and Westside.

- All locations will have "door greeters" that screen EVERY patient according to the <u>attached</u> triage questions.
 Phone personnel will forward concerned COVID calls to clinic hotline staff. Hotline will be open
 - Phone personnel will forward concerned COVID calls to clinic hotline staff. Hotline will be open matching UrgentCare/After Hours hours. Hotline staff will screen patients according to the
 - <u>attached</u> triage questions. COVID symptomatic patients will be sent to Layton Main. Others, handled as usual.
 - 3. Layton main daytime and After Hours

 3. Shalls at the south end of the Layton original building (near the south entrance) will be
 - a. Stalls at the south end of the Layton original building (near the south entrance) will be clearly designated.
- clearly designated.
 b. Full-time staff will be available for in-car testing as patients arrive. Monday-Friday 9 am 9 pm. Saturdays 9 am 5 pm.
