## Subject: Clinical Case Testing/Questionnaire

### Dear Valued Stakeholders:

It is our goal to provide you with the best user experience in our testing platform. We would appreciate your feedback on the current design of our online testing facility as it pertains to the Sensory Health Care Testing/Health Questionnaire. We have updated our priority list to include the user experience of our questionnaire. We have already received a number of feedbacks from our patients and healthcare workers. We would greatly appreciate your response to the survey and to help us make our questionnaire better for our users and to help us make our testing platform better for our users and to help us make our testing platform better for our users.
