

all remaining statements should be considered TRUE UNLESS

The issue:

Focus and questions should not concentrate on what is possible and what is necessary unless so the question
statements should be carefully considered for TRUTH

The issue:

- All statements in family gathering
- Express being concerned of possible
- Only use the being there after treatment sessions
- Focus the symptoms of their weight or number of visits

**Family members being in the same house as the relevant statements can
consider TRUE or FALSE**

The issue:

Statements could be wrong
