

Be in full charge (100% responsibility)

Appointments/Visit to practice
 Patients return to practice for Stage 1 appointment
 require full visit

Appointments/Responsibilities

- See the patient in a separate
- Ask the patient's primary care provider what services they
- Provide appropriate advice for Stage 1B and/or as
- All of patient's needs

Multi-Responsibility

- Staff members for the availability of the practice for the Car Stage Protocol
- Informing patients of the availability of the practice for the Car Stage Protocol and/or other services as offered
- Informing patients for the use of **mask** (CDC) or appropriate per doctor's orders (and also that mask is only one of the ways to reduce the risk of spreading a virus) (as per CDC)
- Make certain to call into other practitioners (if available) working off the sidelines and assist
- If COVID-19 testing only - take patient home or quarantine with the medical team until further instruction. The responsibility is yours

Responsible Health Responsibility

- Check in on patients after physical assessment. If possible, check many
