

Be in full charge (100% responsibility)

Appointments/Visit to practice
 Patients return to practice for Stage appointments
 require full team

Appointments/Responsibilities

- See the patient in a separate room
- Ask the patient's name, date, reason, and other pertinent info
- Provide appropriate advice for Stage and explain all of patient's needs

Multi-Responsibility

- Staff members for the availability of the practice **for the Car Stage Protocol**
- Inform the patient of the COVID-19 testing procedure and patient's degree before testing and in other cases as needed
- Inform the patient for the use of **mask** (CDC) or appropriate per doctor's orders (and also that mask should be changed and not worn for more than 4 hours if patient cannot tolerate it)
- Make certain to call into clinic if unable to provide services if applicable starting with the availability of the staff
- If COVID-19 testing only - take patient home or quarantine with the medical team results and further treatment. The responsibility is yours

Responsible Health Responsibility

- Check in on patients after physical assessment. If possible, check every
