

Dear Tanner Clinic Patient,

You are receiving this letter because you are using Original Medicare and Tricare for Life for your health insurance coverage. We want you know that in 2021 there will be new Medicare Replacement plan options built specifically to work in conjunction with Tricare for Life. These plans will provide additional benefits that are not offered through Original Medicare and Tricare for Life.

There is no cost to enroll in these plans. Some of the benefits available to you at no additional cost are:

\$0 Monthly Premium

Hearing

Dental

Gym Membership

Vision

Part B rebate (plans will reimburse part of your Part B premium)

One option to help educate you on these new plan is Kevin Watkins, an independent Medicare broker who works regularly with VA and Tricare for Life recipients. Kevin may be reached at 385-377-7206.

Thank you,

Tanner Clinic
