1. **Board Nomination Reminder** – From the outreach already sent, please let Brandi know if you have someone you'd like to nominate for the board (can be anyone including yourself). Positions up for voting are two non-proceduralists (incumbents Greg Austad and Glen Biddulph) and one Proceduralist (incumbent Neil Van Leeuwen). **Nominations close Friday, May 14.**

2. **COVID Vaccine Reaction Discussion**

- Please see the email below from Dr. Biddulph regarding unusual COVID vaccination reactions:

“Mark Anderson, Greg Austad and I have been in discussion of an unusual reaction we have been seeing with the coronavirus vaccination. I have 3 patients that have presented with classic rheumatoid arthritis symptoms 2 weeks after receiving the second coronavirus vaccination. Two have had the Pfizer vaccine and the other had the Moderna. Greg has seen one or 2 patients that have had a flare of their RA after the vaccination as well. I have reported this to the CDC and they seem uninterested. We are continuing to track these patients and treat them with low-dose prednisone... GB”
