

Weekly Provider Luncheon Meeting Agenda
Monday, May 24th, 2021

Held Virtually 1:15 PM – 1:45 PM

Recording can be accessed through the provider's notes website: Password: update

<https://tannerclinic.com/provider-updates/>

Provider attendance: 15

Conducting: Theron

1. **Board Election Information and Reminders-** Board Elections will be held from June 1st to June 10th. If you will not be available to vote at that time, please contact Brandi for an absentee ballot.
2. **May 18th Board Review – Theron**
 - The board reviewed Incident-to billing with APCs and the required supervision/oversight that goes with it. Education will come to an upcoming Monday meeting on how all that can/should be handled.
 - Also reviewed provider recruiting efforts with encouragement for any existing provider to always refer their provider friends to the clinic for consideration. We have an upcoming Parkway building, and the resultant empty transfer holes, to fill.
3. **Friday's Parkway Groundbreaking Review –** The groundbreaking was well-planned and executed and the weather cooperated. It was a good event. Click [here](#) to watch the video Terra Cooper put together.
4. **Updated Mask Policy – effective Friday, May 21**
 - **All Tanner Clinic Staff** are asked to please wear masks while entering our facilities via patient areas, while in patient accessible areas, and when directly involved in patient care – with the exception of while in the exam room when both the staff member and patient have been vaccinated and both feel comfortable with removing masks.
 - **Tanner Clinic staff that have received their COVID vaccine** are no longer required to wear masks in non-patient areas, including while in providers' offices.
 - **Tanner Clinic staff that have not received the vaccine** are asked to please continue wearing masks when within an unprotected 6 feet of other persons.
5. **Mobile Vaccine Location and Times –** The spreadsheet below lists dates for mobile vaccine trailers, provided by the county, at each clinic location. These are Pfizer vaccinations approved for ages 12 and up. Watch for dates and places and actively encourage your patients to get vaccinated. Link for appointments:
