

## Clinical Study Opportunity

### Are you interested in participating in a clinical study for the detection of COVID-19, Flu A and Flu B?

You or your child may qualify for a research study of an investigational test to detect SARS-CoV-2 (COVID-19), Influenza A (Flu A), and Influenza B (Flu B).

If you agree to volunteer, there may be up to three (3) nasal swabs collected from you or your child's nose during today's office visit.
